Baron Lizmo, in his celebrated work on Animal Chemistry, says: "An artificial Digestive Fluid, Cashmere and D'Lane Dress Goods, very hand analagous to the Gastrie Juice, may be readily prepared from the mucuous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be so softened, changed and Jaconets, Cambricks, Book, Swiss & Mull Muslins digested, just in the same manner as they would be the human stomach."

Dr Pearina, in his famous treatise on 'Pood and Oil and Gum Cloth; Diet," published by Fowlers & Wells, New York,
